Code of conduct handbook

We follow the guidelines from three documents namely Nagarikanchi Sanad, University handbook and Government handbook of code of conduct. The code of conduct guides the different stakeholders such as teachers, non-teaching staff, principal, students and members of governing body. It helps to carry out the smooth functioning of all the stakeholders and help to maintain the discipline. The details about the working and behavior of each stakeholder are given in the code of conduct. We follow strictly the code of conduct and there is a system to implement and supervise the functioning of code of conduct.
